Call to order: 1400

Treasurers Report – Max (See Attached Report)

More assessments were paid due to reminder emails being sent out to the members who haven't paid yet. Mary plans to repeat this process every month to those who have not paid until payment has been collected. Mary is also sending emails to those who are not member yet and packets to those households will be sent out tomorrow.

Approve August Minutes:

Mary made a motion to approve the August minutes. Max seconded the motion.

Current:

- **Bylaws review** – Final version to be sent to membership tomorrow. This will be the final review before the membership votes on them. Mary has offered to hold another meeting for the general membership just to discuss any questions or concerns regarding the bylaws on October 15th, 2020 via Zoom.
- **Annual Meeting to be held via ZOOM on Sunday, October 25th, 2020 at 4pm.**
- **Fall Grading is about due.** Gravel Work – we need another 6 loads of gravel between Lake Leo and the culvert too.
- Painting of the bumps did not happen as planned due to wildfires and dangerous air quality. We are now getting into the rainy season where it will be hard to plan for good weather. For now, it has been requested to at least move the ecology blocks next to the humps as a visual warning to Crawford Road users. More planning to mitigate traffic during the hump painting is needed.
